Profile

Motivated Computer Science graduate with 6 months of software engineering experience and 7+ years of management/teamwork experience. Prior to becoming a Software Engineer, I served in the Army as a Paralegal Sergeant and a Correctional Officer for the state of Florida. Serving my country, state, and community has always been a priority; I am currently serving in the Army Reserves. I took an interest in software engineering as a child watching my mother take programming courses. I began taking online courses in 2016, I was amazed by the power of programming languages, and a year later a switched my major to Computer Science. My passion for software has grown over the years and I love that I will always have more learn about software.

Education

B.S. in Computer Science
Saint Leo University
Full Stack Development Bootcamp
Nashville Software School

Advanced Management Development Course
U.S. Army
Quality Control and Quality Assurance Training
U.S. Army

Skills & Core Competencies

C#/.Net	ASP. Net MVC	Azure DevOps
Object Oriented Programing	Computer Science Principles	Bootstrap/ React Strap
JavaScript	Version Control	Visual Studio
React	HTML5/CSS3	Secret Security Clearance

Experience

Software Engineer Apprenticeship   July 2020 - February 2021
Nashville Software School

Intensive hands-on 6-month full-stack software development program creating applications in team-based environments and individually using, modern technologies.

- Created applications using diverse tech stacks including HTML5, CSS3, JavaScript, React, Bootstrap, C#/.Net, ASP.Net MVC, Azure, and Azure DevOps
- Worked on both front end and full-stack software development teams that simulated an agile work environment
- Created and approved wireframes, entity-relationship diagrams, and user stores for software projects

Projects:

- **Renter's View**   November 2020
  github.com/corneliajohnson/Renters-View
  Improves the landlord/tenant experience and relationship. The application gives both parties a direct line of communication and the platform to share property, maintenance, and payment information.
  - React application utilizing React hooks to manage state
  - JSON Server used as a local database
  - React Strap used to assist with styling

- **Plenty of Witches**   October 2020
  github.com/corneliajohnson/nuttyshell-react-plentyofwitches
  A product offering communication between friends with a similar interest. A dashboard application for users to organize their daily tasks, events, news articles, friends, and chat messages.
  - Collaborative group project using version control
  - Created wireframe and ERD
  - Technologies: HTML, CSS, Reactjs, ReactStrap and Json

Paralegal Staff Sergeant   August 2017 - July 2020
United States Army Garrison, Ft. Buchanan, PR

- Provided legal and administrative support in all areas of criminal law, international law, civil/administrative law, contract law, and fiscal law

- Assisted unit commanders and the Office of the Staff Judge Advocate (Military Attorney) with paralegal support
- Prepared legal documents in courts-martial, administrative and criminal actions, and other military justice matters
- Reviewed line of duty determinations, investigations, separation board proceedings, and other administrative law matters
- Provides assistance in family law such as power of attorneys, wills, and separation decrees
- As an additional duty, I ensured all computer software and hardware in the Garrison legal office complies with Department of Defense standards

Paralegal Specialist
May 2013 - August 2017

U. S. Army Reserve, 257th Transportation Battalion, Gainesville, FL
- Drafted and filed legal documentation for over five thousand service members during mobilization to Camp Arifjan, Kuwait
- Assisted in all aspects of legal research and records view for military justice proceedings
- Coordinated Annual Federal Tax Training for all military paralegals in the southwest region of Kuwait
- Monitored and reviewed actions for accuracy and timely processing. Provided technical guidance to Leaders during military justice proceedings

Security Site Manager
July 2012 - August 2017

Florida Department of Corrections, Ocala, FL
- Managed the vocational and General Education Diploma programs for the prison's 1500 inmate population
- Implemented innovative security plans that increased protection for prison staff as well as the inmate population
- Organized seasonal toy donations for more than 150 children whose parents were incarcerated in Central Florida
